

Do Carmen and Dave wear the same perfume?

Carmen Electra has a history of dating bad-boy musicians, so nobody was shocked when she married rocker Dave Navarro.

But fans might have been surprised when the *Scary Movie* star admitted that Dave has a softer side, too. In fact, he's been known to raid his wife's beauty cabinet, and not just for mascara and nail polish! "I love Miss Marisa Oil because it reminds me of summer," Carmen said of her favorite scent, a hard-to-find fragrance which combines plum blossom, cassis, mint and water lily. "My husband wears it as well."
